

Senior Road Safety Auditor Restricted to Traffic Management at Roadworks

It is a requirement for all RTMs to hold an accreditation as a Senior MRWA/IPWEA Road Safety Auditor (SRSA).

We understand that aspiring RTMs that work exclusively with Traffic Management Schemes at Roadworks may find it difficult to meet the requirement of being a team member on at least three audits that are Feasibility, Preliminary or Detailed Design stage audits. They may also find it difficult to lead a team in these types of audits, particularly if road design is outside their field of knowledge.

These individuals may therefore apply to become a Senior Road Safety Auditor (restricted to Traffic Management at Roadworks). As the name implies, the holder of this accreditation is restricted to leading audit teams at roadworks traffic management schemes as a RTM.

Applications for restricted SRSA status should be made in conjunction with RTM applications and sent to the MRWA Road Safety Policy Coordinator at roadsafety@mainroads.wa.gov.au

Applications will be reviewed and endorsed by the RTM Accreditation Panel and then sent to the MRWA/IPWEA Road Safety Audit Panel for approval.

To become a Senior Road Safety Auditor (restricted to traffic management at roadworks) you shall:

Requirement	Checklist
Have a minimum of five years' practical experience in the review, approval or design of Roadwork Traffic Management Plans.	
Have been an Audit Team Member on at least five road safety audits (including compliance and suitability audits) within the previous two years under the guidance of an accredited Senior Road Safety Auditor, where at least one of the audits has been a Detailed Design Stage audit.	
Have completed the WA Road Safety Audit Seminar, OR a recognised equivalent Australian / New Zealand training course in Road Safety Auditing within the previous five years, OR be a current practicing WA accredited Road Safety Auditor.	
Carried at least one compliance or suitability audit of a Roadwork Traffic Management Plan under the guidance of an RTM.	
Have met all the RTM Accreditation requirements and been recommended by the RTM Accreditation Panel.	

You are required to provide:	
A completed application form detailing the above requirements.	
A copy of the audit report led under independent mentorship.	
A signed Checklist for Mentoring of Trainee Team Leaders (completed by the Independent Mentor).	

Evidence of audits attended (including a copy of the audit report front cover page and the page listing your name and the role you performed in the audit).	
Evidence of attendance at the WA Road Safety Audit Seminar or recognised equivalent (Course Certificate).	
Supporting information of five years relevant experience (CV, Resume etc.)
